### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Amendment filed on March 01, 2004, page-4, in claim 13, the word "previously" has been deleted to be compliant with claim amendment procedure.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on March 1, 2004 and a review of the amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest that a multiplayer co-extrudate and a method of making the same, wherein the co-extrudate is simultaneously co-extruded to form a six layer structure comprising two plastic films between which an adhesive layer and a release layer are located, and having a further layer bonded to the outside surface of each of the plastic films. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
